KAP launches QLD Senate candidate – Joy Marriott

KAP Federal Leader and Federal member for Kennedy, Bob Katter was joined today in Cairns by Robbie Katter, KAP State Leader and Daniel McCarthy KAP candidate for Leichhardt to officially launch our QLD Senate candidate, Joy Marriott.

North Queensland grazier Joy Marriott is a passionate Queenslander who is committed to developing Regional Australia. She has previously held positions such as President of the Cape York Peninsula Development Association and the National Councillor on the Cattlemen's Union Australia.

Joy will be campaigning to lower the cost of living for all Queenslanders particularly those most vulnerable such as retirees and pensioners and small businesses by reducing electricity and fuel prices. She will also be campaigning for water security through her support of major water infrastructure projects, the creation of jobs through nation-building projects and by supporting industry, including mining. Joy feels passionately about protecting and fighting for our farmers and wants to ensure a better future for all of regional Queensland.

For a fair deal for regional and rural Queensland, vote 1 for KAP and Joy Marriott.
