STATEMENT ON PROGRESS OF CARMICHAEL MINE

Please attribute the below to Robbie Katter MP:

"The KAP is proud to have played a role in pushing for progress on the opening up of the Galilee Basin.

"It is now absolutely imperative that we see our governments commit to building and owning the rail line into the Galilee.

"We hope the approval today of the Black-throated Finch Management Plan is a turn-around in the attitudes of the Labor State Government towards North Queensland.

"If they want to prove this, they can do so by now helping us to push through vital water infrastructure projects in the region like the Hughenden Irrigation Project and Stage 1 of Hell's Gate, Big Rocks Weir."
