Show me the money: Katter demands answers on tourism funding

KENNEDY MP, Bob Katter has written to the Tourism Minister seeking clarification as to whether the Federal Government has allocated \$25m for a global tourism campaign to promote the Far North, after a senior bureaucrat revealed he knew nothing of the funding in Senate Estimates.

“I am demanding to know whether this announcement from Mr Entsch is just hot air and baloney, or whether, as we hope, he has been genuine and sincere, in which case we want to see the money,” Mr Katter said.

“Show me the money!

“We have put a lot of time and effort into promoting the region as the community is aware and we worked hard to secure these breakthroughs from State and Federal Governments.

“We are very proud of the region’s prominent tourism leaders that we have been able to support.

“We will be launching a promotional campaign that will roll out every fortnight.”
